

Exchange Programme for Information Technology Students

Faculty of Management & Technology
Academic year 2017-2018

FALL PROGRAMME

TARGET GROUP

The **fall semester** is aimed at **Information Technology students**. Students follow courses in the IT-programme (Bachelor in Applied Information Technology). Students are advised to follow 30 ECTS credits.

All courses in this programme will be taught in English. Please take into account that a **beginner's level of English is not sufficient** (preferably B2) to follow the courses and to take the exams.

INTRODUCTION WEEK

The programme starts with an introduction week. This week is organised by the UC Leuven-Limburg for all the international students who attend courses at the different departments of the UC Leuven-Limburg. It is meant as a first introduction to the Dutch language and it also creates possibilities to socialize with international and local students. Meanwhile the students also have the opportunity to look for accommodation.

COURSES

After the introduction week, the students follow courses during 13 weeks. These courses are largely organised by the **Faculty of Management and Technology**. One course (Europe in 936 minutes) is organised by the UC Leuven-Limburg for all students (gOPO). The 13 weeks are divided into 12 weeks of lectures and seminars and 1 project week.

Students who attend courses at the Faculty of Management and Technology, have a wide range of subjects (see overview of the courses). Some of the courses will integrate in a group of Leuven and international students, other courses are build up in the form of interactive coached self-teaching. This means that the subject matter of these courses will not only be acquired by lectures but also by self-study supervised by the lecturer.

During the project week, students work together with Belgian and other international students in a project.

EXAMS

The study and examination period is scheduled in January

APPLICATION PROCEDURE

See <https://www.ucll.be/international/exchange-programmes/exchange-student-application>

OVERVIEW OF THE COURSES OF THE FALL PROGRAMME

ECTS-code	Course unit	ECTS
Information Technology		
MEX01T	Data modelling Techniques (TI)	3
MEX02T	Databases - Querying (TI)	3
MEX03T	Databases (TI)	3
MEX04T	Web Development Basics (TI)	4
MEX35A	Web Development Advanced (TI)	3
MEX05T	Mobile applications (TI)	3
MEX11T	Object-Oriented Systems Analysis (TI)	5
MEX08T	Business Process Management (TI)	3
MEX06T	Object-Oriented Design (TI)	6
MEX33A	.NET programming (TI)	6
MEX07T	Programming visual user interfaces (TI)	3
MEX09T	Enterprise Content Management (TI)	6
MBI50B	Big Data (TI-gOPO)	3
MEX32A	iTech R&D (TI)	3
MEX37A	Security (TI)	3
MEX41A	Scripting languages (TI)	3
Business Management		
MME23A	Sustainability and Business (2BME)	3
MGD05A	Europe in 936 minutes (gOPO)	3
Communication		
MGD03A	Effective English (gOPO)	3
MNB34X	French: starters (2BME) ¹	5
MNB51X	Business French: basic (2BME) ¹	5
MNB38X	Business French: intermediate (2BME) ¹	5
MNB35X	German: starters (2BME) ¹	5
MNB52X	Business German: basic (2BME) ¹	5
MNB36X	Spanish: starters (2BME) ¹	5
MNB53X	Business Spanish: basic (2BME) ¹	5
<p>¹ It is not possible to choose, within one language, several courses. Depending of your level of the specific language the lecturers will decide in the beginning of the semester in which course you will be enrolled.</p>		

SCHEDULE

	From	Till
Introduction week	11-09-17	15-09-17
Lectures and seminars	18-09-17	27-10-17
Fall break	30-10-17	03-11-17
Lectures and seminars and projectweek	06-11-17	22-12-17
Christmas holidays	25-12-17	05-01-18
Study and examination period	08-01-18	02-02-18

SPRING PROGRAMME

TARGET GROUP

The **spring semester** is aimed at **Information Technology students**. Students follow courses in the IT-programme (Bachelor in Applied Information Technology). Students are advised to follow 30 ECTS credits.

All courses in this programme will be taught in English. Please take into account that a **beginner's level of English is not sufficient** (preferably B2) to follow the courses and to take the exams.

INTRODUCTION WEEK

The programme starts with an introduction week. This week is organised by the UC Leuven-Limburg for all the international students who attend courses at the different departments of the UC Leuven-Limburg. It is meant as a first introduction to the Dutch language and it also creates possibilities to socialize with international and local students. Meanwhile the students also have the opportunity to look for accommodation.

COURSES

After the introduction week the students follow courses during 13 weeks. These courses are largely organised by the **Faculty of Management and Technology**. The 13 weeks are divided into 12 weeks of lectures and seminars and 1 International projectweek (BusIT Week).

Students who attend courses at the Faculty of Management and Technology, have a wide range of subjects (see overview of the courses). Some of the courses will integrate in a group of Leuven and international students, other courses are build up in the form of interactive coached self-teaching. This means that the subject matter of these courses will not only be acquired by lectures but also by self-study supervised by the lecturer.

During the international project week, students work together with Belgian and other international students in a project. For this project week a contribution of **approximately 90 euro** is asked. It has to be paid at the beginning of the semester.

EXAMS

The study and examination period is scheduled in June.
