

Exchange Programme for Information Technology Students

Faculty of Technology
Academic year 2020-2021

FALL PROGRAMME

TARGET GROUP

The target group for this exchange programme are **Information Technology students**. Students follow courses in the IT-programme (Bachelor in Applied Information Technology). Students are advised to follow 30 ECTS credits.

All courses in this programme will be taught in English. Please take into account that a **beginner's level of English is not sufficient** (preferably B2) to follow the courses and to take the exams.

INTRODUCTION WEEK

The programme starts with an introduction week. This week is organised by the UC Leuven-Limburg for all the international students who attend courses at the different departments of the UC Leuven-Limburg. It is meant as a first introduction to the Dutch language and it also creates possibilities to socialize with international and local students. Meanwhile the students also have the opportunity to look for accommodation.

COURSES

After the introduction week, the students follow courses during 12 weeks. These courses are largely organised by the Faculty of Technology and the Faculty of Management. The 12 weeks are divided into 11 weeks of lectures and seminars and 1 project week.

Students who attend courses, have a wide range of subjects (see overview of the courses). Some of the courses will integrate in a group of Leuven and international students, other courses are build up in the form of interactive coached self-teaching. This means that the subject matter of these courses will not only be acquired by lectures but also by self-study supervised by the lecturer.

Please take into consideration that sometimes it is not possible to organise a course. In this case the mobility officer will help the students in finding a suitable programme.

During the project week, students work together with Belgian and other international students in a project.

EXAMS

The study and examination period is scheduled in January

APPLICATION PROCEDURE

See <https://www.ucll.be/international/exchange-programmes/exchange-student-application>

OVERVIEW OF THE COURSES OF THE FALL PROGRAMME

ECTS-code	Course unit	ECTS
Information Technology		
MEX01T	Data modelling Techniques	3
MEX03T	Databases	3
MEX18T	Algorithmic Thinking	3
MEX19T	Principles of Object-oriented Programming	5
MEX06T	Object-Oriented Design	6
MEX04T	Web Development Basics	4
MEX05T	Mobile applications	3
MEX07T	Programming visual user interfaces	3
MBI81X	Object-Oriented Systems Analysis	5
MEX09T	Enterprise Content Management	6
MEX27T	.NET programming	3
MEX20T	3D Computer Graphics	3
MEX37A	Security	3
MEX32A	iTech R&D	3
MEX13T	International Project	3
MEX17T	International Project	6
MEX67T	International traineeship in applied information technology	20
Business Management		
MNB96X	Multimedia	3
MNB71X	Economics	4
MME93A	Financial Management	3
MNB75X	Ethics	4
Marketing		
MNB80X	Introduction to marketing	4
MNB83X	Marketing communication concepts	3
MME89A	Market Research: Set Up	3
MME87A	Sales Skills	4
Communication		
MNB34X	French: starters ¹	5
MNB51X	Business French: basic ¹	5
MNB35X	German: starters ¹	5
MNB52X	Business German: basic ¹	5
MNB36X	Spanish: starters ¹	5
MNB53X	Business Spanish: basic ¹	5
¹	It is not possible to choose, within one language, several courses. Depending of your level of the specific language the lecturers will decide in the beginning of the semester in which course you will be enrolled.	

SCHEDULE

	From	Till
Introduction week	14-09-20	18-09-20
Lectures and seminars	21-09-20	30-10-20
Fall break	02-11-20	06-11-20
Lectures and seminars and project week	09-11-20	18-12-20
Christmas holidays	21-12-20	03-01-21
Study and examination period	04-01-21	01-02-21

SPRING PROGRAMME

TARGET GROUP

The target group for this exchange programme are **Information Technology students**. Students follow courses in the IT-programme (Bachelor in Applied Information Technology). Students are advised to follow 30 ECTS credits.

All courses in this programme will be taught in English. Please take into account that a **beginner's level of English is not sufficient** (preferably B2) to follow the courses and to take the exams.

INTRODUCTION WEEK

The programme starts with an introduction week. This week is organised by the UC Leuven-Limburg for all the international students who attend courses at the different departments of the UC Leuven-Limburg. It is meant as a first introduction to the Dutch language and it also creates possibilities to socialize with international and local students. Meanwhile the students also have the opportunity to look for accommodation.

COURSES

After the introduction week the students follow courses during 13 weeks. These courses are largely organised by the Faculty of Technology and the Faculty of Management. The 13 weeks are divided into 12 weeks of lectures and seminars and 1 International projectweek (BusIT Week).

Students who attend courses at the Faculty of Management and Technology, have a wide range of subjects (see overview of the courses). Some of the courses will integrate in a group of Leuven and international students, other courses are build up in the form of interactive coached self-teaching. This means that the subject matter of these courses will not only be acquired by lectures but also by self-study supervised by the lecturer.

During the international project week, students work together with Belgian and other international students in a project. For this project week a contribution of **approximately 90 euro** is asked. It has to be paid at the beginning of the semester.

EXAMS

The study and examination period is scheduled in June.
