

EXCHANGE PROGRAMMES IN TECHNOLOGY

UNIVERSITY COLLEGES LEUVEN-LIMBURG (UCLL)

UC Leuven-Limburg is a University of Applied Sciences that takes **internationalisation** at heart by, among others, attracting foreign students for degree and exchange programmes. Every year, **over 600 international students** visit UC Leuven-Limburg, for a degree or exchange programme.

Our Technology campus for students studying Electromechanics, Energy Technology and Electronics-ICT is situated in **Diepenbeek**. This location offers a fast and easy access to Belgium's surrounding countries. The attraction of the student city Diepenbeek is its small size and the safe, green surroundings. With an overwhelming offer of student activities, festivals, performances, cultural centres and museums, you will find it impossible to be bored.

BECOMING A TECHNOLOGY STUDENT AT UC LEUVEN-LIMBURG

If you are looking for a life-changing experience as an **exchange student**, UC Leuven-Limburg may be exactly what you are looking for. For Electromechanics, Energy Technology and Electronics-ICT, a study programme is available both in the fall and spring semester. Traineeships in the labs on campus are also possible.

Every semester starts with an introduction week for exchange students. You are most welcome to participate in this programme as an **exchange student**.

SUMMER SCHOOLS

CHANGEMAKER BOOTCAMP 31 AUGUST-10 SEPTEMBER 2020

During this challenging summer school, students are taught to make a positive impact on today's society, by becoming a true changemaker. A team of inspiring coaches and experts will help all participants develop their own well-reflected changemaker action plan.

SPIRIT OF EUROPE: ENTREPRENEURSHIP, INNOVATION AND TECHNOLOGY 30 MAY-19 JUNE 2021

Our goal as UC Leuven-Limburg is to become an international campus and the Summer School is one of the ways to achieve this. Much like the participating students, the Summer School crosses borders itself. The Summer School is a joint effort between UCLL and Fachhochschule Aachen, Germany. Hence the venues during the programme are the Belgian cities of Leuven and Hasselt/Diepenbeek and the German city of Aachen. Students will be offered an exciting three-week programme of lectures, workshops and excursions and there will be many opportunities to get an impression of the cultural differences in Europe.
