

## R&D projects

In 2016, over **500 UCLL staff members** were involved in **178 R&D projects**, of which **40 European partnership projects**. We are confident to achieve the same - and even better - results in 2017, as early forecasts indicate.

"[Technology in Healthcare Education](#)" (website in Dutch and French) is such a European project with partners in the Meuse-Rhine Euroregion. Students cooperate with healthcare organisations, caregivers, and patients in the framework of "living labs" to explore technology-based care innovative ideas for real-life care issues.

"Spot-on" was the word that the Flemish Minister for Welfare, Public Health and Families, mr. Jo Vandeuren, used at the launching event on 1 June, 2017.

## 15 years of Social Europe Days

Social Europe Days is a yearly seminar organised by UC Leuven-Limburg and Hanze University of Applied Sciences (NL) for and with students and lecturers involved in Social Work, Social Policy, HRM from all over Europe. During this year's 15th anniversary edition (7-11 May) in Leuven, students and lecturers mainly discussed about how to deal with cross-border social challenges in times when borders seem to become increasingly less relevant.

If you want to learn more or wish to participate in the next edition, please email [jan.vanpassel@ucll.be](mailto:jan.vanpassel@ucll.be)

## UCLL @ Pukkelpop Music Festival 2017

### HOGESCHOOL UCLL @ PUKKELPOP 2017

Diepenbeek | Dierik | Genk | Hasselt | Heverlee | Leuven

Summer and music festivals go together like "milk and cookies" !  
For a few years now, UCLL has been a partner of the Pukkelpop Music Festival, particularly to introduce ways to lower the carbon footprint of this mega festival (80,000 visitors).
